Food security and access to healthy food in our wild and remote region is so important and a key value in the region

Nakusp and the surrounding area are home to a variety of initiatives that support and celebrate local agriculture. By fostering a thriving local food system, the community ensures that fresh, healthy, and locally produced food is always within reach. Visitors can explore farmers' markets, artisan shops, and small-scale producers, where a wide range of goods – from seasonal fruits and vegetables to handmade specialties – showcase the richness of the region. Taking the time to visit these local markets is not only a chance to taste the best the area has to offer, but also a way to connect with the people and traditions that make Nakusp and its surroundings unique.

Nakusp Rail Society

The society is the steward of a 1977 caboose, 1913 Jordan spreader and 1921 snowplow donated to the Village of Nakusp by CP Rail in 2016. The vintage rolling stock, which recalls the days when Nakusp was a railway town, can be found in the 900 block of Broadway Street in Nakusp Recreation Park.

EXPLORE THE REGION

BURTON

This village south of Nakusp on Highway 6 is home to a cidery, campground, post office, and community learning centre. It's a popular place for birdwatching and kite flying (when lake levels are low, the flats provide major wind gusts). Learn more at burtonbc.ca

EDGEWOOD

This quaint settlement on the west side of Lower Arrow Lake services the farms of the Inonoaklin Valley. It has a store, campground, credit union, elementary school, post office, and Royal Canadian Legion hall.

FAUQUIER

The eastern terminal of the Lower Arrow Lake ferry, Fauquier (pronounced foke-yer) also boasts a gas station, motel, campground and golf course.

SANDON

Experience, explore and enjoy this historical site. Visit the Prospectors Pick, power house or museum. Camping is available. Feel energetic? Hike to Idaho Peak, one of three Forest Service fire lookouts in the area.

SUMMIT LAKE

This popular spot is home to Summit Lake Ski and Snowboard Area, the centre of winter recreation; Summit Lake Provincial Park, where Toadfest is held each year to help western toadlets migrate across the highway; and on the east side of the lake, the Nakusp and Slocan Railway Trail.

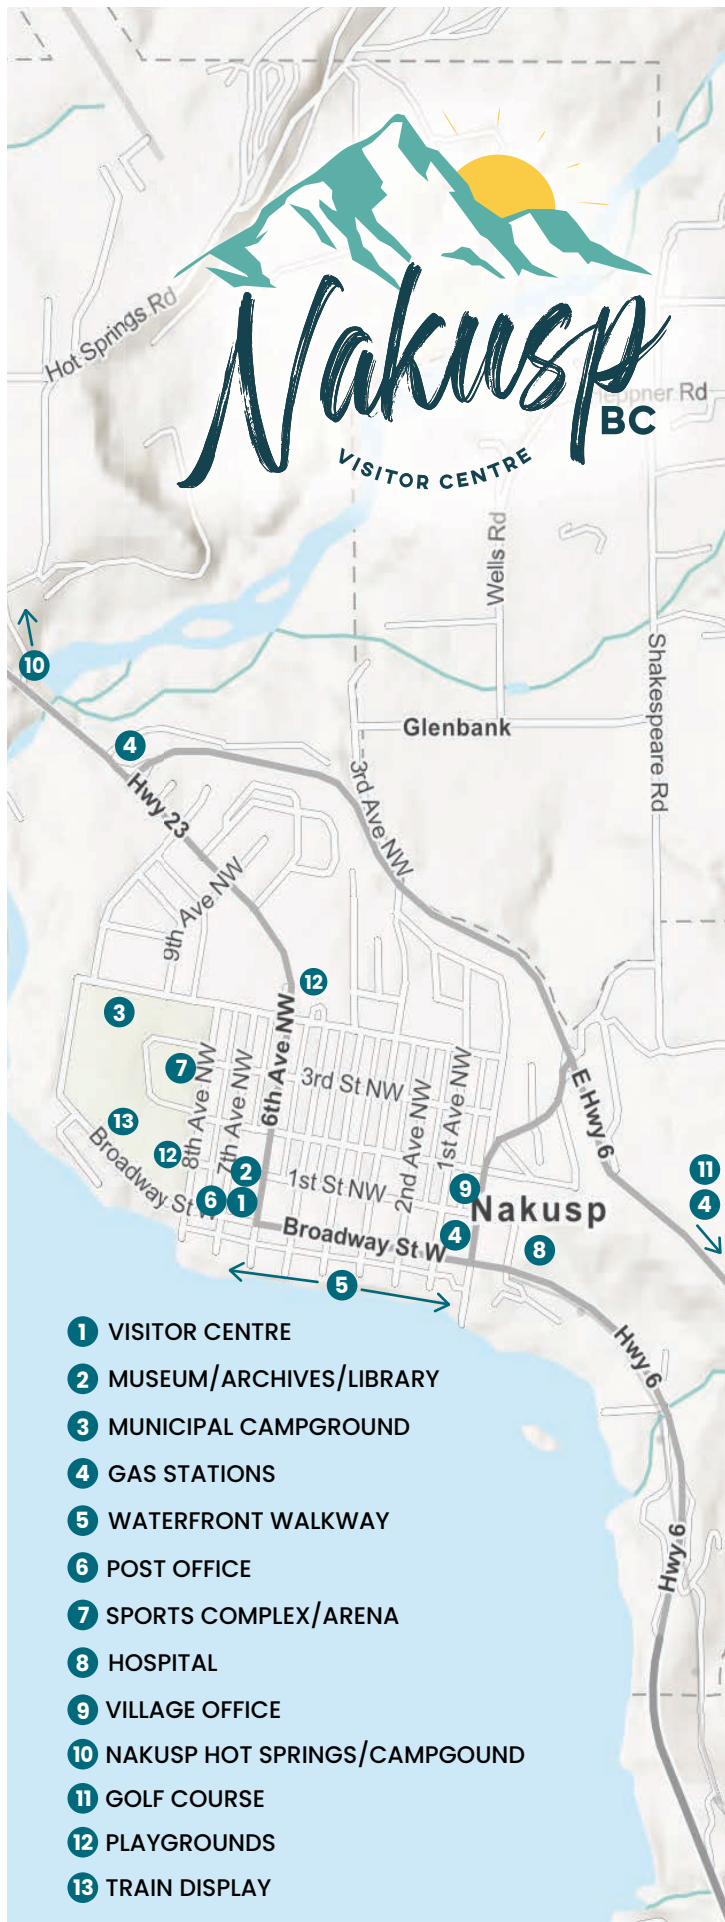

BEATON, TROUT LAKE, FERGUSON

These old mining towns northeast of Nakusp are being rediscovered by a new generation of recreation enthusiasts. Trout Lake boasts the privately owned Windsor Hotel, built in 1897, as well as a gas station that still uses gravity-fed pumps.

NEW DENVER

New Denver is a small, vibrant village of about 500 residents on the eastern shore of Slocan Lake, framed by the Selkirk Mountains and near Valhalla Provincial Park. Known for its stunning natural setting, the community offers world-class outdoor recreation including beaches, hiking, biking, and ski trails. Founded in 1892, New Denver has a rich and complex history shaped by mining, Japanese Canadian internment during the 1940s, and later cultural settlement. Today, it is a fully serviced and welcoming community with schools, health care, and essential amenities, blending small-town charm with a strong sense of place.
